QUESTION TWO

(a) What is your aim (from a fair movement perspective) when seating players for Mitchell events from which a single winning pair is to be found.

.....
.....
.....
.....
.....

(b) Apart from the above, what do you need to do when seating players for the second session of a two session aggregate using Mitchell movements to find a single winning pair.

(b) Your club had 9 teams in your GNOT qualification heat and the above format was used. 3 teams will qualify for the zone final. Two teams are tied on Victory Points for third place. How do you break the tie using QBA Regulations?

.....

.....

.....

.....

QUESTION EIGHT

Your club's server isn't working so a 5 table American Whist movement using 8 board rounds is being scored by the players themselves. You instruct the EW pairs to move up one table for the first round. Boards are pre-dealt so Set 1 is played on Table 1 in the first round. Set 2 on Table 2 and so on. At the next move, you have the EW players move up 2 tables and the boards are moved up one table. When you give this same instruction after the second round, players tell you that they are about to play their own team mates. How do you fix this?
