What this means is we can fit some more card tables into our field of play HOWEVER all other covid rules apply with Social Distancing off the field and Contact Tracing.

At a seminar attended yesterday, we were advised to advise you that all toilets should have a sign as to how many persons are allowed inside the toilet area. As these are a separate part of your building as they are not in the field of play – you may need to measure your area of the toilets and put a sign on the door as to the allowance.
